MEET THE PRESENTER

Ellen Carlin M.S., CCC,-SLP, COM®, IBCLC, CIMI

Ellen is a board-certified speech language pathologist with a private practice in The Woodlands, TX.

Ellen completed her master's degree in Speech Pathology at Miami University in Oxford, Ohio. She specializes in feeding and myofunctional disorders, structural and sensory-motor based speech disorders, developmental speech/language disorders, social-pragmatic disorders, and interventions for breastfeeding infants.

For 31 years, she has worked together with lactation consultants to provide infant feeding programs for breastfeeding infants. Ellen obtained her certification as an International Board Certified Lactation Consultant (IBCLC) in 2015 and Certified Infant Massage Instructor (CIMI) in 2019. She works with infants, preschool and school-aged children, teens and adults; and presents nationally and international on topic areas of her specialty.
